RAINE ROBERTS

SYSTEMS AND NETWORK ENGINEER

I am a qualified and professional network engineer with experience in domain services and cloud engineering, and with a passion for cyber security, web development and database administration.

EXPERIENCE

O USER SUPPORT SPECIALIST LEVEL 2

National Institute of Weather and Atmospheric Research - NIWA ${\sf JAN~2023}$ - Present

- As a User Support Specialist for NIWA, I handle diverse technical challenges remotely to ensure smooth operations and user satisfaction nationwide.
- Use extensive IT expertise for effective troubleshooting, prioritizing user satisfaction and productivity.
- Emphasize rapport and clear, positive communication to empower users in every interaction.

SCHOOL OF TECHNOLOGY PEER TUTOR

Waikato Institute of Technology - WINTEC

JUN 2022 - JAN 2023

- As a Peer Tutor at WINTEC, I guided students through the Diploma of Information Technology curriculum, fostering growth and understanding.
- Shared my IT passion, helping peers grasp challenging concepts using both theory and practical experience.
- At WINTEC, I enjoyed celebrating peers' achievements and providing support during challenging times.

O TECHNICAL SUPPORT VOLUNTEER

Opureora Marae Committee

MAR 2020 - Present

- Volunteering with the Opureora Marae Committee on Matakana Island, Tauranga, I provide technical support and guidance to community members.
- Ensure our committee has the IT resources for effective work, offering both face-to-face troubleshooting and remote assistance.
- Support grant procurement by organizing data, creating presentations, and managing project timelines, aligning my IT expertise with the Marae's broader goals.
